- 3” binder with clear window in the front to insert a cover sheet  
(you can use your one from last year if you still have it)
- Packages of plastic inserts -100 total

#### **MATERIALS NEEDED TO BE PURCHASED THROUGH THE SCHOOL:**

The CDA National Credentialing Program Competency Standards Book

#### **MANDATORY PAPERWORK:**

If your physical from last year was done on or before 9/12/22, will need to get a NEW PHYSICAL. It must be filled out by your doctor on the included form labeled “EMPLOYEE MEDICAL STATEMENT”. No other forms will be accepted. Urgent Care has a history of telling people they don’t need this form. THIS IS NOT CORRECT. Do not leave your appointment without having this form signed. If you recently had a physical this year for sports or a job, most doctor’s offices will fill out the form based on your last physical. Don’t forget to attach your most updated shot record.

**This physical is important and needs to be on file before you can be placed at preschool sites.**
