for those students studying for LPN.

2023-2024

JUNIOR AND SENIOR STUDENTS

Dear parents and students:

I am very excited to announce some changes coming for the 2023-2024 school year!

Health Tech students will now receive their STNA certification during their junior year. This will prepare them for the opportunity to start taking LPN courses during senior year.

There will now be 3 pathways for Health Technology seniors:

1. Traditional path, receive STNA, OSHA, CPR.
2. Accelerated option 1:
STNA, OSHA, CPR, Phlebotomy.
3. Accelerated option 2:
STNA, CPR, 1st semester for LPN. After completion of 1st semester and graduation, students will be able to complete a summer semester and a fall semester, upon successful completion students will be eligible to sit for their LPN license .

The growth of the Health Technology program continues to open up many opportunities, and I look forward to embracing this journey together.

Sincerely,

Deb Moore
